Dear Mrs. Luh Putu Midiani

We are pleased to inform you that the full paper #1570562732 entitled "Investigation The Effect Of Powder Type On The Capillary Pumping Performance and Wettability" submitted to the 4th i-TREC 2019 will be held from August 14-16, 2019 in The Anvaya Beach Resorts-Bali Indonesia, is accepted for "Oral" presentation in session "___".

We invite you to attend the 4th i-TREC 2019 conference and present your work at The Anvaya Beach Resorts-Bali Indonesia from 14-16 August, 2019.

Please submit your revised full paper by 30 July 2019 at the latest. Please keep in mind that in order for your paper to be published in any of our listed publications, you will need to revise your paper in accordance to the comments and suggestions from the reviewers. Full paper should also be submitted according the templates as provided in the conference website. Below are items for your consideration for presenting a paper at the 4th i-TREC 2019 conference:

- Request your Support Letter for Visa Application/Letter of Invitation early to ensure that all paperwork is completed and approved on time.
- Register as the presenting author - At least one of the authors must register as the presenting author and the required registration fee must be paid before 30 July 2019. Visit our website for additional information regarding registration. A normal registration rate is available until 30 June 2019. Do not forget to submit your registration form along with your proof of payment to the conference secretariat (i-trec@ui.ac.id). Please download the registration form in here (<https://i-trec.ui.ac.id/conference-fee/>).
- Each registered participant can submit a maximum of two papers.
- The papers which are not presented by the registered authors CANNOT be considered for the post-conference publications.
- For updates about the conference program please visit the conference website <https://i-trec.ui.ac.id/general-conference-schedule/>

Looking forward to receiving your revised conference paper and meeting you at The Anvaya Beach Resorts-Bali Indonesia.

Warmest Regards,

Eny Kusriani, Ph.D. General Chair the 4th i-TREC 2019

notes: The reviews are below or can be found at <https://edas.info/showPaper.php?m=1570562732>.

===== Paper Review 1 =====

*** Relevance: Rate the importance and timeliness of the topic addressed in the paper within its area of research. Good (4)

*** Technical content and scientific rigour: ate the technical content of the paper (e.g.: completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc.), its soundness and scientific rigour. Solid work of notable importance. (4)

*** Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper. Significant original work and novel results. (4)

*** Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references. Readable, but revision is needed in some parts. (3)

*** Recommendation: How do you rate your recommendation? Accept (5)

*** Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

- Investigation The Effect of Powder Type on The Capillary Pumping Performance and Wettability, of and on not capital.
- no figure 3,
- figure 4 have to cite in the text

===== Paper Review 2 =====

*** Relevance: Rate the importance and timeliness of the topic addressed in the paper within its area of research. Good (4)

*** Technical content and scientific rigour: ate the technical content of the paper (e.g.: completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc.), its soundness and scientific rigour. Valid work but limited contribution. (3)

*** Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper. Some interesting ideas and results on a subject well investigated. (3)

*** Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references. Readable, but revision is needed in some parts. (3)

*** Recommendation: How do you rate your recommendation? Weak accept (4)

*** Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

The proofreading is needed to check the grammar of this paper. The problem statements are not clearly explained in the introduction part. Some figures are missing and did not order properly. The formula needs a number. The paper needs to follow the guidance of the paper format of this conference.
