INTERNATIONAL CONFERENCE ON SMART CITY INNOVATION 2020 <icsci@unud.ac.id> 24 Agustus 2020 16.47
Kepada: Swardika I Ketut <swardika@pnb.ac.id>, putrialit@pnb.ac.id, ida.purnama@pnb.ac.id, suasnawa@pnb.ac.id

Dear I Ketut Swardika, Putri Alit Widyastuti Santiary, Ida Bagus Irawan Purnama, I Wayan Suasnawa,

We are now finalizing ICSCI submissions which are offered publication with IJASEIT. Please be reminded, this offer is valid when authors conform to terms and conditions set by this Journal.

As scheduled, ICSCI-Ijaseit manuscripts are to be ready in September 2020. Preferably, the whole process can be finalized by the middle of September 2020, at the latest. We will need your cooperation to attain this goal. After a preliminary review carried out by Ijaseit's review Board, ICSCI Committee is informed that in various degrees, the resubmitted manuscripts have not accommodated IJASEIT's guideline.

In response to this claim, we need your attention to read the recommended guideline thoroughly and consistently adhere to all requirements. These include the lay outing of your manuscript which must strictly be in conformance with IJASEIT's guide and fulfilling administrative requirements in regard to publication fees and extra fees imposed when the number of pages exceeds the maximum of 10 pages set by the journal.

Please once again closely recheck and revise your submission, and send us the revised copy by 28 August 2020. Please name your doc file in the following manner: ICSCI-Ijaseit 2020-Name of the first author's name, and send it in an email (icsci@unud.ac.id) with the following subject line: ICSCI-IJASEIT 2020 Final Submission – First author's name.

Great apology, a late submission will not be tolerated and will result in the redirection of your publication to the IOP-Earth and Environmental Science Proceedings.

Again for your attention, here are a couple of hints (among others) to be addressed during revision:

1. Author should strictly adhere to the IJASEIT formatting style. Guidelines can be found in the following link: http://ijaseit.insightsociety.org/index.php?option=com_content&view=article&id=11&Itemid=8
2. The article includes the best quality figures and graphics
3. The font size used in figures should be in proportion with those used in the body text
4. Avoid extra space after each paragraph
5. Organize your article as such so there is no blank spaces at any section
6. The article should have a minimum number of 6 pages before references and a maximum of 10 pages. Extra page/s will incur an extra fee of US\$ 50,- per each additional page.
7. Abstract consists between 220-250 words. It should clearly contain a statement of problem/s, objective/s, methodology, result and a short discussion.
8. The structure of the article is presented in four sections: INTRODUCTION - THE MATERIAL AND METHOD - RESULTS AND DISCUSSION – CONCLUSION
9. The article should be presented in an academically soundful English including grammar and spelling. Please proofread your article before making a resubmission.

10. IJASEIT requires authors to cite at least 50% (at least 12 relevant references) of the most updated journal articles published within the last 5 years.
11. The article should be saved in a MsWord doc file (not in docx and/or any other file).
12. The acceptable level of similarity (indication for plagiarism) is less than 15%. As Ijaseit will also do its own similarity check, please immediately delete your entry from the system you use for this purpose, once the process is completed
13. In addition, Ijaseit prioritizes publication of an article which is authored by a maximum of 5 people

I thank you for your collaboration in this instance and look forward to receiving the revised manuscript of yours.

Best regards,

Organising Committee

Dear Authors,

I hope this note finds you all well and in good health, especially in these difficult times of covid-19 pandemic.

In light of the current globally alarming outbreak, the ICSCI-2020 Organizer with regret decided to postpone the conference to 27-28 October 2020. We do hope this change will not affect your participation in our academic gathering. For further updates, please refer to the following link: <https://icsci.unud.ac.id>. Thank you.

Best wishes,
 GAM Suartika

Kepada: Swardika I Ketut <swardika@pnb.ac.id>, putrialit@pnb.ac.id, ida.purnama@pnb.ac.id, suasnawa@pnb.ac.id

Dear I Ketut Swardika, Putri Alit Widyastuti Santiary, Ida Bagus Irawan Purnama, I Wayan Suasnawa,

Your paper entitled ‘Green zone energy mapping from radiance threshold of nighttime satellite data’ has been through an initial review and advised for publication with the International Journal on Advanced Science, Engineering and Information Technology (*IJASEIT*). In response to this offer, please kindly sign the attached form confirming your decision.

Should your response be affirmative, please reformat your manuscript strictly conforming to IJASEIT’s guidance for authors, available online on the following link https://ijaseit.insightsociety.org/index.php?option=com_content&view=article&id=11&Itemid=8. We also have attached IJASEIT’s recommended template for your use.

Thanking you for participating in the 3rd International Conference on Smart City Innovation 2020 and looking forward to receiving the reformatted article (by July the 20th 2020).

Best wishes,

Organising Committee

Dear Author,

Thank you for sending us your manuscript. As required by IJASEIT, we did a turnitin check on your article and have been informed of a 47% of similarity level. The accepted standard by the journal is 15%. We have consulted your case, and been advised to inform the author/s to rephrase parts of your document so a relatively high similarity level can be mediated. You can resubmit upon completion.

Best wishes,

INTERNATIONAL CONFERENCE ON SMART CITY INNOVATION 2020 <icsci@unud.ac.id> 15 Februari 2020 20.10
Kepada: swardika@pnb.ac.id

Dear I Ketut Swardika,

We thank you for your participation in the 3rd International Conference on Smart City Innovation (ICSCI) 2020.

Your abstract entitled: "Radiance threshold of nighttime satellite data for green zone energy mapping and environment sustainability" has been reviewed and has been accepted to be documented in a full manuscript.

Please be reminded that the deadline for a full paper submission is 20 March 2020. Upon passing relevant reviewing process, your manuscript will be published in one of the following publications:

1. IOP Conference Series – Earth and Environmental Science
2. International Journal on Advanced Science, Engineering and Information Technology (IJASEIT: Scopus-indexed, Q2)
3. International Journal of Technology (IJTeCH: Scopus-indexed, Q2),
4. Udayana University's Nationally Accredited Journals - Shinta 2

Please do not hesitate to contact us, in case of queries. We thank you once again and look forward to receiving your next submission.

Best regards,
