Dear Sri Andriati Asti,

I Ketut Gede Sudiarta <itutde@pnb.ac.id> submitted the following paper to ICST 2019:

Data Structure Comparison Between MySQL Relational Database and Firebase Database NoSql on Mobile Based Tourist Tracking Application

You are listed as one of the authors of this paper. To enter the ICST 2019 Web pages you should visit

<https://easychair.org/conferences/?conf=icst20190>

If you have no EasyChair account you should first create an account. To this end, you should use the above mentioned Web page and click on "I have no EasyChair account".

If you have an EasyChair account, then you will not be able to access the ICST 2019 Web page from that account, since the email address sriandriati@pnb.ac.id used by I Ketut Gede Sudiarta to add you as an author is not associated with the account. In this case you should do the following:

- (1) Log in using your account information.
- (2) In the EasyChair menu, follow the menu tabs "EasyChair->My Account".
- (3) Add sriandriati@pnb.ac.id as an alternative email address to your account (this is not immediate since the addition will involve authentication using email-sending).

Best regards,
EasyChair.

Please be aware that this is an unmonitored email alias, so please do not reply to this email.
To contact EasyChair use the EasyChair contact Web page <https://easychair.org/contact>
