

Fwd: Invitation to Submit Your IMPRES2013 Paper for Heat Transfer Engineering Special Issue

From: 秋澤 淳 (akisawa@cc.tuat.ac.jp)
To: agungwira2@yahoo.com
Cc: akisawa@cc.tuat.ac.jp
Date: Wednesday, November 6, 2013 at 11:12 AM GMT+8

Dear Wira,

Your paper presented at IMPRESS has been selected for the journal publication. Congratulations!
Please follow the instructions below.

Regards,

Akisawa

Begin forwarded message:

差出人: SAHA BARAN BIDYUT <saha.baran.bidyut.213@m.kyushu-u.ac.jp>
件名: Invitation to Submit Your IMPRES2013 Paper for Heat Transfer Engineering Special Issue
日時: 2013年11月6日 9:40:27 JST
宛先: <akisawa@cc.tuat.ac.jp>
Cc: <50011701291@st.tuat.ac.jp>, <miyazaki.takahiko.735@m.kyushu-u.ac.jp>, <saha.baran.bidyut.213@m.kyushu-u.ac.jp>

Dear Prof. Atsushi Akisawa,

We are the Guest Editors for the Special Issue in Heat Transfer Engineering (<http://www.tandf.co.uk/journals/tf/01457632.html>) journal from selected papers of "International Symposium on Innovative Materials for Processes in Energy Systems 2013 (IMPRES2013)".

We are pleased to inform you that your IMPRES2013 paper entitled, "CYCLE OPTIMIZATION ON RE-HEAT ADSORPTION CYCLE APPLYING FIXED CHILLED WATER OUTLET TEMPERATURE" has been selected for Heat Transfer Engineering (HTE) Special Issue Part I.

- If you are willing to accept our invitation, you will need to submit manuscript files (in MS Word and PDF format) to me and to Prof. T. Miyazaki at miyazaki.takahiko.735@m.kyushu-u.ac.jp on or before January 31, 2014 by e-mail.
- Your manuscripts must be typed double spaced on only one side of the paper, in single column with 12 point font size, and with margins of at least 2.54 cm all around. All pages of the manuscript must be numbered. The e-mail address, phone and fax numbers of the corresponding author must be given on the first page.
- Majority of the references in HTE Special Issue papers should be fairly current (not more than 8 years old) and at least 20% of the references should be papers that have been published in the Heat Transfer Engineering (HTE) journal.
- All submissions of this special issue will be subject to peer review from at least two leading experts in the field.
- For the HTE journal version of your paper, you are encouraged to expand on your conference paper and add more detailed information.

- Please see the attached "PDF" files of the latest "Journal Guidelines/Information for Authors", a "Sample Bio", and a "Sample Manuscript Prepared according to the Guidelines of HTE"

Please urgently let us know whether you are willing to submit your paper for this special issue before the deadline of January 31, 2014. We shall be glad if you can make it earlier!

Sincerely Yours,

Bidyut Baran Saha, Ph.D.

Subject: Manuscript for the Heat Transfer Engineering

Dear Sensei,

I would like to inform that Akisawa sensei already agreed and willing to submit the manuscript to the special issue of the Heat Transfer Engineering based on the paper that has been selected in the IMPRES2013.

Here are the files in MS Word and Pdf format in attachment.

Your attention and cooperation were very much appreciated.

Sincerely yours,

IGAB Wirajati

Ph.D student in BASE-TUAT

Dear Agung,

Thanks for your e-mail.
Your HTE paper is still under review.
I have got comments from one reviewer.
I will chase another reviewer to submit his/her comment soon.

Best wishes,
Bidyut B. Saha

Subject: Required information of Heat Transfer Engineering

Dear Saha Sensei,

First of all, please forgive my sassy in disturbing Sensei due to gain the information.

Akisawa sensei suggested me to ask about the progress of my manuscript to the Heat transfer Engineering (HTE) that has been submitted to Sensei last January 2014.

If Sensei does not mind, please give me the information how it's about.

For this uncomfortable question of mine, I really do apologized and your attention and cooperation very much appreciated.

Sincerely yours,

Wira

To
Prof. Atsushi Akisawa
Cc: Mr. I. Gusti Agung Bagus Wirajati

Dear Prof. Akisawa,

Reviewers have now commented on your paper. They indicated that it is not acceptable for publication in its present form.

However, if you feel that you can suitably address the reviewers' comments (attachments in this e-mail), I invite you to revise and resubmit your manuscript for Heat Transfer Engineering journal special issue "IMPRES2013 Part I".

Please carefully address the issues raised in the comments.

When submitting your revised manuscript, please also:

- a) outline each change made (point by point) as raised in the reviewer comments AND/OR
- b) provide a suitable rebuttal to each reviewer comment not addressed

We hope to receive your revised manuscript by June 25, 2014.

Heat Transfer Engineering journal encourages permanent faculty members to work as the corresponding author. Accordingly, I want to request Prof. Atsushi Akisawa to work as the corresponding author.

Thank you for your contribution.

A short note acknowledging this e-mail is highly appreciated.

Sincerely yours,

Dear Prof. Akisawa,

I was double checking your above-referenced paper and I noticed that there are numerous corrections that must be made to your manuscript before it can be accepted for inclusion in the special issue of HTE. In the attached marked copy of your paper I have indicated all the required changes.

Please revise your paper according to the comments made on the attached marked copy of your paper and provide me the MS Word file of your revised paper and a brief explanation of the changes made. I would like to receive your **very carefully** revised paper by **December 1, 2014**.

Please acknowledge the receipt of this email message with a brief note indicating that you plan to submit your revised paper by the indicated deadline.

Subject: Your Submission, HTE-SI1-01R1

Dear Prof. Akisawa,

Please find attached herewith a tentative acceptance letter regarding your submission of the subjected paper
For possible publication in Heat Transfer Engineering Special Issue: Part I.

A short note acknowledging this e-mail is highly appreciated.

Kind regards,

Bidyut Baran Saha and Takahiko Miyazaki
Guest Editors
Heat Transfer Engineering Special Issue

Bidyut Baran Saha, Ph.D.

Dear Agung,

Prof. Ghaja, Editor-in-Chief of HTE journal has sent the marked copy of your paper to Prof. Akisawa. Please make all suggested changes and submit it to Prof. Ghajar for final acceptance. A short note acknowledging this e-mail is highly appreciated.

Best wishes,
Bidyut B. Saha

RE: Revised Manuscript of The HTE-SI1-01R1 - Heat Transfer Engineering Special Issue Part I: IMPRES 2013

From: Ghajar, Afshin (afshin.ghajar@okstate.edu)
 To: agungwira2@yahoo.com
 Date: Wednesday, October 29, 2014 at 09:41 PM GMT+8

Revised paper received. Thank you!

I will review the changes and let you know if there are any additional corrections to be made.

Afshin J. Ghajar, Ph.D., P.E., ASME Fellow
 Regents Professor and John Brammer Professor

Date: Thursday, October 8, 2015 at 07:03 AM GMT+8

Dear Wira,

I have confirmed that you had dealt with the proof on the CATS system. But you did not reply to the request from the editor to add the information of the reference#1. Please find the attached pdf file and see the first page.

Thank you.

Akisawa

Dear Dr. Akisawa,

I just sent you another proof email request, with an extended deadline of Monday October 12. I have also attached your PDF proof here. Please confirm receipt.

Thanks,
Jen

Dear Prof. Afshin Ghajar,

I got e-mails concerning the manuscripts of Dr. Umair and Dr. Wira to HTE journal. I'm surprised at the sudden request because I have not received any e-mails requiring the proof checking. I'm afraid that the co-authors listed above also have not noticed the request.

I would be grateful if you would allow us for a certain time to check the proof. I already sent e-mails to them to deal with it.

Thank you for your kind understanding.

Regards,

Akisawa
